

ABDULRAZAK RAPHEAL

Web Developer & Python Developer

Lokoja, Nigeria | hubcode676@gmail.com | 09123901797

PROFILE

Student developer with hands-on experience building web applications and Python projects. Interested in software development, automation, and creating practical technology solutions. Currently developing projects while completing secondary school and building a professional portfolio.

EDUCATION

Achievers International College — S.S.S. 3

Current secondary-school student

TECHNICAL SKILLS

Web Development	HTML, CSS, JavaScript
Programming	Python
Tools & Platforms	GitHub, GitHub Pages, VS Code
Other	Android ADB, basic device automation

PROJECTS

NEXTGEN CODERS Portfolio

A responsive developer portfolio published with GitHub Pages, featuring projects, skills, profile information, and interactive web elements.

JARVIS AI

A Python-based AI assistant project with voice interaction and Android phone-control features using ADB, including basic device navigation and app-control experiments.

NextGen Scientific AI

A scientific calculator project combining HTML, CSS, and JavaScript with an AI-inspired interface and interactive calculator features.

CERTIFICATION

Python Certificate — Python programming certification

CAREER OBJECTIVE

To grow as a software developer, strengthen my programming and problem-solving skills, and build useful software products that solve real-world problems.
